WHAT IS A PEER SUPPORT SPECIALIST?

Peer support is the social and emotional support provided by persons with a mental health condition to others sharing a similar mental health condition to bring about a desired social or personal change. A Peer Support Specialist guides clients toward the identification and achievement of specific goals defined by the client and specified in the treatment plan. The job of a certified Kentucky Peer Support Specialist is not to replace current clinical mental health staff but to offer additional support to people in their efforts to recover.
