Flexible Participation

13 days not required - Sequential participation in all 4 leadership events is highly recommended. However, for some, participation in all 13 days may not be possible. Therefore, participants may select any combination of the 4 events. (Check event descriptions for prerequisite requirements and recommendations.)

Three certifications will be offered - We're continuing our arrangement with Marc Gold & Associates by offering three certifications: 1-Systematic Instruction, 2-Discovery, and 3-Job Development. Each of the 3 certifications will require: • paying an additional fee, • involving a learning partner, • watching supplemental webinars, and • working with the assigned mentor to complete required assignments within the 20-week time frame.
