

Project SCOPE

Supporting Children of the Opioid Epidemic

- Do you serve children who were exposed to substances during pregnancy and their families?
- Would you like to learn strategies to improve provider-family relationships, support your mental wellness and the mental wellness of other caregivers who work with children born substance exposed and their families?
- Would you benefit from meeting with other professionals to share challenges and support?
- If you answered yes to any of these questions, this free virtual training series is for YOU!
- Plus, you could receive up to 12 early care clock hours for attending the full series!

TRAINING DATES and TOPICS

- Thursdays from **4:00-5:30 pm Eastern time/3:00-4:30 pm Central time**
 - **Thursday, February 10:** KY's Response to the Opioid Crisis; Dr. Katherine Marks, Director, KY Opioid Response Effort
 - **Thursday, February 24:** The role of peers for families in recovery; Amanda Metcalf and Morgan Eversole, Peer Support Specialists
 - **Thursday, March 10:** Family-Provider Partnerships; Carol Cecil and Barb Greene, KY Partnership for Families and Children
 - **Thursday, March 24:** How Systems Enable Trauma for Families with Substance Use Disorder; Miriam Silman, Department for Behavioral Health, Developmental and Intellectual Disabilities
 - **Thursday, April 7:** Family Court Processes for Families
 - **Thursday, April 21:** Self-compassion for Providers, Kristen Dahl, Licensed Professional Clinical Counselor
 - **Thursday, May 5:** Provider Strategies for Resilience, Dr. Ginny Sprang, KY Center on Trauma and Children
 - **Thursday, May 19:** Toward an Understanding of Recovery for Persons with Addiction; Dr. David Lohr, Medical Director, Department for Community Based Services
- Each interactive session includes:
 - a presentation by an expert with experience in mental wellness for children and families
 - a case study shared by one of the training participants, and
 - breakout groups to discuss possible strategies to support child/family/practioners
- Participants will be assigned to a regional community of practice to support each other in serving children born substance exposed and their families.
- There are incentives for participants whose case studies are selected for discussion, and who attend the full series!
